HAMAKUA FIRE REPORT

Colonel Boyd, before leaving the burning forests in the Hamakua dis trict, instructed Albert Horner to con tinue the detail of watchers, so as to re ain the fire within the smallest pos-stille limits. On Sunday a letter was received by Colonel Boyd from Mr. rner stating that, on the 16th inst. had just returned from the Kea pau. The men are working at this fire yet deepening trenches and loping off branches of bucang trees. The fire to the cast of the Names. steads is out, but the soil is still smouldering in places. The fire above Kalopa is also under control again but last week the fire got beyond the line of the river and some 100 mor-acres of forest were burned. NEWS FOR MEN THIS WEEK.

The New York shirt manufacturers are already abowing their 1902 patterns of shirts. Anomalous as it may seem, these shirts will be worn on the streets of Honolulu before they are seen on Broadway. That's because it's always summer here.

We have ordered our quota of the new shirts, and in order to make way for them, we place the balance of the old stock on sale at

Don't make the mistake of thinking that these are inferior shirts just because they are cheap. They are regular dollar shirts of fine Madras, solid colors and perfect fit. A dollar does today what it would have taken three to do a few short months ago.

With the negligee shirts we have placed a few the Laundered White Shirts, which will go at the same price

36 CENTS.

As a bait? Well, yes,—as an extra inducement to get you men coming in here for your furnishings. These shirts are of "Wachusett" and "Garland" manufacture, with fine 2400 linen bosoms and wristbands, felled seams, reinforced back and front, and with long, full,dress or short bosoms. But were are not many of them, so you'll have to step lively, gentlemen, if you would participate in the spoils.
